

NASTY BAR™ 100C3 PUFF

ENGLISH USER MANUAL

Please read the following before use.

NASTY DX10Ki Device

PARAMETERS

Brand: NASTY BAR
Model: DX10i
Type: Auto-draw, rechargeable digital disposable
Size: 90*50*23mm
Nicotine Strength: 30mg / 10mL
Coil Type: Mesh Coil 1.2 (Iron-Chromium Aluminum)
Battery Capacity: 650 mAh (Rechargeable)
Output Voltage: 3.5V
Puff Count Offers: Approx. 10,000 Puffs
Charging: Type-C port
Air Flow Adjuster: Switch type, 2 settings
Device Material: PCTG Transparent
Airflow: Adjustable (2 Selections)

LED SCREEN DISPLAY

During Puff: Screen lights up (5 sec)
Timeout Protection: Blink 2 times
Low Battery: Battery % reduces
During Charging: Light up
Charging Release: Display power level (5 sec)
Battery Full Charge: Continuous light on
Full Liquid: Green liquid drop 100%
Half-Full Liquid: Yellow liquid drop 50%
Liquid Finishes: Red liquid drop flashes 10 times

How To Use

Step 1: Connect
Use the Type-C cable to charge. The LED screen will light up during charging and display the power level when charging is complete.
Step 2: Set
Use the airflow adjuster to choose your preferred draw strength.
Step 3: Inhale
Auto-draw activates when you inhale through the mouthpiece. The screen lights up during each puff. Check liquid levels and battery status on the screen.

IMPORTANT

This appliance is not intended for use by people (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.

Children should be supervised not to play with the appliance.
It must only be supplied at SELV.
Only use an external supply with the described specifications.
Be aware of the risk of terminals of the battery-operated appliance or battery being short-circuited by metal objects. This appliance contains batteries that are non-replaceable. When the battery is at end of life, the appliance shall be properly disposed of.

PRE-CAUTIONS

This product contains nicotine e-liquid. Nicotine is an addictive chemical. You must read the following information carefully. Do not use this product if you are allergic to nicotine or any of the other ingredients contained within the e-liquid. This product is strictly not for use by:

- Non-smokers
- Minors
- Pregnant or breastfeeding women.
- Those experiencing general ill health; such as heart disease, stomach and duodenal ulcers, liver or kidney problems.
- Long-term throat disease or breathing problems due to asthma, bronchitis etc.
- Persons with diabetes.
- Those taking the following medication:
Theophylline
Ropinirole
Clozapine

GENERAL USE WARNINGS

KEEP OUT OF REACH OF CHILDREN

This Electronic Nicotine Delivery System (ENDS) device is to be used orally only. Avoid bringing device into contact with water or liquids.
Avoid usage in extreme temperatures (Below -5 °C / Above 50 °C) and humidity. Do not try to open or tamper with the product. Only use certified chargers and charge cables. Avoid unauthorized operations that may damage the product.

TOXICITY

This product contains nicotine which may produce toxic effects if consumed orally, especially in infants and children. Please DO NOT drink this product. In case it is consumed, please take this leaflet with you and see a general practitioner immediately. In case of contact with skin, rinse immediately with cold running water for at least 15 minutes.

ADDICTIVENESS

This product contains nicotine which is a highly addictive substance and is thus not recommended for use by non-smokers. No other ingredient in this product is known to be addictive.

DISPOSAL AND RECYCLING INFORMATION

This symbol (with or without a solid bar) on the device or packaging signifies that the device, its electrical accessories (such as adapters or cables) should not be discarded with regular household waste.

FREQUENTLY ASKED QUESTIONS

How do I charge my vape?

Connect: Use the Type-C cable. The LED screen lights up during charging and shows the power level when fully charged.

How do I adjust the airflow?

Set: Rotate the airflow adjuster to switch between the two airflow settings.

What should I do if the screen shows a red liquid drop?

Check: The red liquid drop flashing 10 times means the e-juice is almost empty. Refill or replace the vape as needed.

What do the different battery indicators mean?

Low Battery: Battery % decreases;
Full Charge: Continuous light on; Charging Release: Displays power level for 5 seconds.

LED SCREEN DISPLAY

Habang Nagbubuga: Ang screen ay magliliwanag ng 5 segundo.
Timeout Protection: Nagki-kislap ng 2 beses.
Low Battery: Bumababa ang porsyento ng baterya.
Habang Nagcha-charge: Ang screen ay magliliwanag.
Pag-release ng Pag-charge: Nagpapakita ng power level sa loob ng 5 segundo.
Full Charge ng Baterya: Tuloy-tuloy na ilaw.
Full Liquid: Berde na patak ng likido, 100%.
Half-Full Liquid: Dilaw na patak ng likido, 50%.
Liquid Finishes: Pula na patak ng likido, kumikislap ng 10 beses.

How To Use

Step 1: Connect
Use the Type-C cable to charge. The LED screen will light up during charging and display the power level when charging is complete.
Step 2: Set
Use the airflow adjuster to choose your preferred draw strength.
Step 3: Inhale
Auto-draw activates when you inhale through the mouthpiece. The screen lights up during each puff. Check liquid levels and battery status on the screen.

IMPORTANT

Ang appliance na ito ay hindi inilaan para sa paggamit ng mga tao (kasama ang mga bata) na may mga pinababang pisikal, pandama, o mental na kakayahan, o kakulangan sa karanasan at kaalaman, maliban kung sila ay binigyan ng pangangasiwa o instruksyon tungkol sa paggamit ng appliance ng isang taong responsable para sa kanilang kaligtasan.

Ang mga bata ay dapat na binabantayan upang hindi maglaro sa appliance. Tiyakin na ang supply ay nasa SELV. Gamitin lamang ang mga sertipikadong charger at mga charge cables. Iwasan ang mga hindi awtorisadong operasyon na maaaring makasira sa produkto.

PRE-CAUTIONS

Ang produktong ito ay naglalaman ng nicotine e-liquid. Ang nicotine ay isang nakaka-adik na kemikal. Mangyaring basahin nang maigi ang sumusunod na impormasyon. Huwag gamitin ang produktong ito kung ikaw ay allergic sa nicotine o anumang iba pang sangkap sa e-liquid. Ang produktong ito ay striktong hindi para sa mga:

- Hindi naninigarilyo
- Kabataan
- Mga taong may pangkalahatang masamang kalusugan; tulad ng sakit sa puso, ulcer sa tiyan at duodenum, problema sa atay o bato.
- Mga may pangmatagalang sakit sa lalamunan o problema paghinga tulad ng asthma, bronchitis, atbp.
- Mga taong may diabetes.

GENERAL USE WARNINGS

KEEP OUT OF REACH OF CHILDREN

Ang produktong ito ay naglalaman ng nicotine na maaaring magdulot ng mga toxic effects kung makakain, lalo na sa mga sanggol at bata. Mangyaring HUWAG inumin ang produktong ito. Kung sakaling makain, dalhin ang leaflet na ito at magpakonsulta agad sa doktor. Kung magka-kontak sa balat, banlawan agad ng malamig na tubig ng hindi bababa sa 15 minuto.

TOXICITY

This product contains nicotine which may produce toxic effects if consumed orally, especially in infants and children. Please DO NOT drink this product. In case it is consumed, please take this leaflet with you and see a general practitioner immediately. In case of contact with skin, rinse immediately with cold running water for at least 15 minutes.

ADDICTIVENESS

Ang produktong ito ay naglalaman ng nicotine na isang highly addictive substance at hindi inirerekomenda para sa mga hindi naninigarilyo. Walang iba pang sangkap sa produktong ito na kilalang addictive.

DISPOSAL AND RECYCLING INFORMATION

Ang simbolo na ito (na may o walang solid bar) sa device, baterya (kasama), o packaging ay nagpapahiwatig na ang device, mga electrical accessories nito (tulad ng adapters o cables), at baterya ay hindi dapat itapon kasama ng regular na basura sa bahay.

FREQUENTLY ASKED QUESTIONS

Paano ko i-charge ang aking vape?
Ikonekta: Gamitin ang Type-C cable. Ang LED screen ay magliliwanag habang nagcha-charge at magpapakita ng power level kapag puno na ang baterya.

Paano ko i-adjust ang airflow?
Itakda: I-rotate ang airflow adjuster upang lumipat sa pagitan ng dalawang airflow settings.

Ano ang dapat kong gawin kung ang screen ay nagpapakita ng pulang patak ng likido?
Suriin: Ang pulang patak ng likido na kumikislap ng 10 beses ay nangangahulugang malapit nang maubos ang e-juice. Mag-refill o palitan ang vape kung kinakailangan.

Ano ang ibig sabihin ng iba't ibang battery indicators?
Low Battery: Bumababa ang porsyento ng baterya; Full Charge: Tuloy-tuloy na ilaw; Charging Release: Ipinapakita ang power level sa loob ng 5 segundo.
