NASTY  
DURAPUFF

## How does **DURAPUFF** produce more puffs than other devices in the same class?

### LIQUID OPTIMIZATION

Optimized PG/VG ratio improves liquid efficiency

### COIL OPTIMIZATION

Resistance of coil fine-tuned to increase puff count

## WORLD'S TASTIEST FLAVOURS

Since 2015, we've focused on crafting the World's Tastiest Flavours and our award-winning creations are the global benchmark of quality and consistent flavour performance across 80 countries.

### REFRESHING

Our award-winning master brewers are renowned for creating the most refreshing flavours, especially those inspired by fruits and berries.

### SATISFYING

We use premium Propylene Glycol or PG and a selection of the world's best nicotine concentrates to create longer-lasting and consistent flavour satisfaction.

### BOLD

We use high quality Vegetable Glycerin or VG which is a critical component in delivering a high fidelity flavour experience.
