KEPUASAN NIKOTIN MAKSIMA

FEVA dibangunkan khas oleh NASTY untuk pengguna ekosistem ncig yang mencari kepuasan nikotin lebih tinggi. FEVA dilancarkan dengan 8 flavour kegemaran ramai menggunakan formula e-liquid baru yang memberikan throat hit dan lung hit yang lebih keras, dan penghantaran nikotin yang lebih padu berbanding ncig pod.

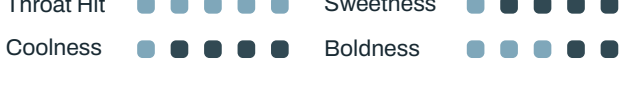

8 pilihan flavour menarik.

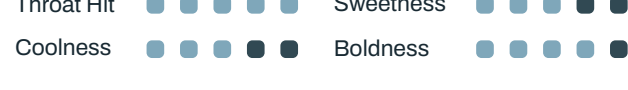

BERRY VANILLA

Berry Vanilla combines the luscious notes of ripe, juicy berries with the creamy essence of smooth vanilla, creating a perfect balance of sweetness and tartness.

BUTTERSCOTCH CREAM

Butterscotch Cream is a decadent delight that combines the smooth richness of creamy butterscotch with a hint of sweet vanilla, delivering a luscious, mouthwatering flavour.

LEMONADE ICE

Lemonade Ice is a cool, zesty flavour that zaps your senses with a refreshing citrus burst, followed by a cooling exhale that lifts your spirits.

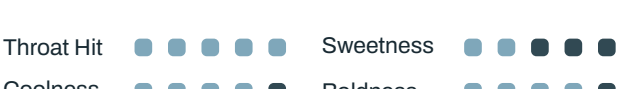

LYCHEE

Lychee imparts a delicate yet vibrant flavour, combining floral sweetness with a hint of tartness, creating a light and refreshing sensation on the palate.

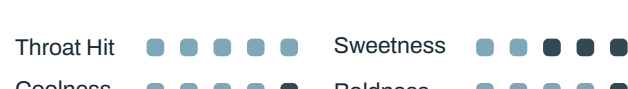

GRAPE ICE

Grape Ice offers a striking combination of bold flavours and icy refreshment, as you enjoy the essence of ripe, juicy grapes followed by a surge of cooling freshness.

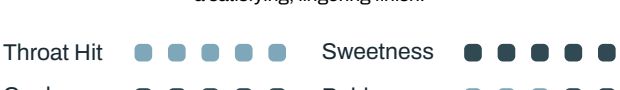

GUAVA ICE

Guava Ice delivers the juicy, refreshing notes of exotic, sweet, and slightly tangy guava, elevated by a crisp, cool icy finish for a balanced and invigorating experience.

PREMIUM TOBACCO

Premium tobacco is a robust yet refined flavour that offers a balanced interplay of sweetness, bitterness, and a rich, smoky undertone, leaving a satisfying, lingering finish.

HAZELNUT COFFEE

Hazelnut Coffee offers the bold aroma of freshly brewed coffee blended with the smooth, toasty essence of roasted, caramelised hazelnuts.
